ADDITIONAL TERMS AND CONDITIONS AND TRUTH IN SAVINGS ACCOUNT DISCLOSURES

Dividend Rate and Annual Percentage Yield

This 7-Month Promotional Certificate features a tiered, step-down dividend rate and Annual Percentage Yield (APY) structure, as described below. Dividend rates and APYs vary based on the account balance, the period of time funds remain on deposit.

Introductory Promotional Period (First 90 days) APYs:

- 7.50% APY/ 7.23% Dividend Rate on the first \$3,000
- 4.00% APY/ 3.92% Dividend Rate on balances above \$3,000

Remaining Term (Days 91 days – to Maturity):

- 4.00% APY/ 3.92% Dividend Rate on the full balance until date of maturity

The Annual Percentage Yield (APY) disclosed above is a composite APY that reflects all applicable dividend rates during the full 7-month term, assuming the full balance remains on deposit until maturity.

Compounding and Crediting of Dividends

Dividends will be compounded daily and credited monthly and at maturity. You may withdraw dividends earned on a monthly basis. The APY assumes that dividends remain on deposit until maturity.

Balance Computation

Dividends are calculated by the daily balance method which applies a daily periodic rate to the balance in the account each day.

Transaction Limitations

You may not make deposits into your Term Certificate account before maturity. You may withdraw dividends from your account. Upon maturity, any credited dividends become part of the principal and may no longer be withdrawn as dividends in any subsequent term of the account.

Renewal of Account and Grace Period

Your Term Certificate account will automatically renew at maturity for a twelve (12) month term. You will have a grace period of ten (10) calendar days starting on the maturity date in which to change the term of your account or prevent renewal by withdrawing all of the funds in your account without Credit Union penalty.

Early Withdrawal Penalties

The Credit Union does not permit partial withdrawals from the principal balance of your Term Certificate prior to maturity. If you wish to complete a withdrawal from your Term Certificate before maturity, the entire principal balance must be redeemed, and the Credit Union may impose an Early Withdrawal Penalty.

Early Withdrawal Penalties are applied as follows:

- Term of less than 1 year – 45 days of interest earned on the principal balance
- Term of 1 year or greater – 180 days of interest earned on the principal balance

Early withdrawal penalties may reduce earnings on the account and may result in the imposition of a penalty even if the account has not yet earned dividends equal to the amount of the penalty.

Non-transferable/Non-negotiable.

Your account is non-transferable and non-negotiable. The funds in your account may not be pledged to secure any obligation of an owner, except obligations with the credit union.

This institution is not federally insured, and if the institution fails, the Federal Government does not guarantee that depositors will get back their money. This credit union is not insured by any state government.
